

# Love to knit, crochet, spin and weave?

Our company, *Wool & Cotton Road*, imports from Peru an exquisitely **soft organic cotton yarn**.

## Why buy Organic Cotton yarn?

- Organic cotton is **free of pesticides and toxic chemicals**.
  - **This yarn is supremely soft!!**
- The cotton comes in **naturally grown & plant-dyed colours**.
- Organic Peruvian long staple **Pima cotton (GOTS certified)**.
  - It is **sustainably grown** and certified **Fair Trade**.
  - **Love fine products?** Create your own **touch of luxury!!**

Harvesting is done exclusively by hand, ensuring a carefully selected, clean and untangled fibre. Native cotton production is entirely traditional and sustainable.

No pesticides, herbicides or other agro-chemicals have been used to grow or colour these yarns. *Photo Dr James M. Vreeland, Jr, Naturtex*

## Yarn Selection:

**Pakucho Organic colour grown cotton yarn** – *as close to nature as colours can be.*

(Manufactured in socially responsible facilities, certified Organic and Fair Trade by SKAL/Control Union who carries out annual inspections).

Worsted – 10 ply – 50gm balls (approx 81 metres)

- Natural White, Cream, Sage, Forest and Moka

Double Knit (DK) – 8 ply – 50gm skeins (approx 100 metres); 1kg cones

- Natural White and Cream

Fine Flamme – 8 ply – 50gm skeins (approx 117 metres); 1kg cones

This yarn is made up in a super soft S twist with a finer organic cotton thread to form a thick and thin alternating texture.

- Natural White, Cream & Sage

**Andean Mist** – is plant and cochineal dip dyed, using ancestral recipes from the Andes, on Organic/Fair Trade Peruvian long staple Pima cotton. The resulting yarn is super soft and is colour fast to light and water.

Double Knit (DK) – 8 ply – 50gm skeins (approx 117 metres)

- Teal Bosque, Golden Dune, Verde Spring, Lavender Twig, Mood Indigo

**Qoperfina** – a hand blend of organic baby alpaca natural colours (50%), the finest combed organic Pima cotton (48%) with pure and natural Angelina copper staple fibre (2%).

- An intimate blend yielding an incredibly soft, durable and healthy yarn, which is also suitable for spinning and woven applications.
- Heat reflecting copper fibres help relieve symptoms of stress, rheumatism and arthritis
- With proven anti-bacterial, anti-fungal and anti-static properties, pure copper fibres perfectly enhance the natural warmth, luxuriousness and softness of organic Peruvian alpaca and Pima cotton

Lace – 2 ply – 50gm balls (approx 525 metres); 1kg cones

- Natural Oat, Granite, Silver and Hickory

By purchasing these yarns, you can support the use of environmentally conscientious practices of small farmers and Andean pastoralists while fostering fair trade relationships, and the preservation of rich natural colours.
